New Laws Protect Bathers In Lake As Patrol Started

Officers Promise To Patrol Donner As Dangers Are Reported

By VIRGINIA O'BEAR

Last week I mentioned in my Donner Doing column that we should have some kind of law enforcement at Donner Lake to protect the swimmers at the beaches. Boats are coming in close to the swimming areas and floats and are just barely missing the children at play. I received a terrific response.

People stopped by to see me and the telephone rang constantly because most people felt the same as I about getting protection. I immediately contacted Deputy Sheriff Roy Waters and Judge Wilson and was informed that we do have laws to protect the people at Donner Lake.

This weekend, Donner Lake will be patrolled by boat and the laws will be strictly enforced. There are speed limits and regulations which must be upheld if we expect to keep Donner Lake a safe place for our children, the vacationers and the boat enthusiast.

Under the Nevada County law which was passed in 1957, no person shall operate a boat at speeds in excess of five miles an hour in any of the following situations: (a) Within 200 feet of the actual water edge except in open zones as declared and posted by law. (b) Within 200 feet of any swimming float, diving platform, life line, dock, pier, or landing float. (c) Within 100 feet of any person engaged in the act of bathing.

OTHER LAWS

Other laws were passed recently concerning aquatic regulations and as soon as possible, posters will be put up at all boat moorings so people will know and have no excuse to become careless. For

Nevada Burglar Evades Officers

An early morning store burglary at Verdi Friday precipitated a wild chase and extensive manhunt which ended when the suspect successfully evaded his pursuers on the highway detour a mile east of Floriston.

Deputy Sheriff Roy Waters said he was anxious to question the suspect whom he believes was responsible for the recent burglaries of the Donner Hotel and Travelers Club in Truckee.

An officer at Verdi discovered the burglar leaving the store and set out in pursuit toward Reno. The burglar doubled back and sped into California with the Verdi constable and a number of Reno Highway Patrolmen and Washoe deputies in hot pursuit.

The suspect fired two shots at the cars chaising him and in turn three bullets were fired into his car, one of which apparently disabled the vehicle. The burglar left the car on the detour and headed for the brush and trees in the vicinity.

In the meantime, California authorities had been notified and Waters, accompanied by Sergeant Frank Snyder and Officers Stucke and Steinbeck went to the scene to aid in the search. The hunt continued until after daylight but no trace of the man could be found. About ten officers from Nevada also engaged in the manhunt.

That the burglary was more or less successful was indicated by the fact that scattered coins were found where the car was abandoned on the detour.

SHERIFF'S DEPUTIES HAVE BUSY MONTH

Truckee sheriff's deputies answered 146 complaints and calls last month, 10 on felony counts and the balance misdemeanors and miscellaneous. Chief Deputy Roy Waters reported.

There were 29 misdemeanor arrests, including 22 for violation of the county sobriety ordinance.

Felony investigation embraced five burglaries, two grand thefts, one child molestation, one robbery and one arson.

There were listed four street disturbances, five bar disturbances, four prowlers, two violations of harbors and navigation code, five petty thefts, eight malicious mischief, five animal bites and four fire calls.

Fire Fighters Leave

Four Truckee district forest service officials, including Ranger Roy Saarni and Assistant Bill Stewart, Wade Rowse and Dave Pratt have been called to assist in fighting forest fires raging in various sections of the state. Saarni and Stewart are in the Stanislaus forest and the other two are believed to be in Yosemite National Park area.

From Bay—

Dr. Nguyen Thanh Nguyen of San Francisco was a recent visitor in this district.

Four Fires Blamed On Smokers Keep Departments Busy

Emphasizing further the critical fire danger at this time, four small fires at Lake Tahoe were reported by the U. S. Forest Service on Friday. Indications were that all four were started by careless smokers discarding burning cigarettes.

The first of the four was discovered at 11:45 a. m. at Pineland, the second at 12:30 p. m. back of the Brockway golf course, the third at 3:30 p. m. on the east side of Dollar Hill where a house was burned and the fourth at Agate Bay at 4 p. m.

All of the fires were confined to small areas due to the efficient efforts of the Tahoe City Fire Department under the leadership of Chief Al Henry and the Kings Beach department, headed by Curley Mason and the suppression crew from the forest services.

Forest service officials and fire chiefs are constantly issuing warnings that this is a particularly dry year and are asking the cooperation of everyone in preventing a blaze which might prove impossible to stop.

Vern Johnson Rites Held At Roseville

Funeral services were held this morning at 10 o'clock at the Lambert Chapel in Roseville for Vernon Taylor Johnson, 51, who expired here Tuesday morning at 7:55 following a lengthy illness. Interment was in the Roseville cemetery.

Johnson was a native of California born December 19, 1907. He had spent his entire life in the state and every summer came to Weber Lake where he operated the resort owned by the family, spending the winters in the Lincoln-Roseville area.

He is survived by his wife, Vesta May Johnson; his parents, Mr. and Mrs. W. H. Johnson of Roseville and a brother, C. O. Johnson, among other well known relatives.

ASSESSMENTS AT 26 PER CENT IN COUNTY

Charles R. Kitts, Nevada County assessor, has been informed by the state Board of Equalization, that Nevada County has a 26 per cent ratio of the total assessed value of tangible property on the 1959 local roll to the total value of the locally assessed tangible property.

This ratio as 27.4 per cent for the previous year of 1958.

The state board communication from the office of Ronald B. Welch, assistant executive secretary of property taxes, indicates a statewide average of 23.6 per cent this year with something very close to that figure for next year.

Welch further informed the county assessor that the ratio of 26 per cent is subject to change if the county board of supervisors sitting as a board of equalization materially alters the assessment roll or if the report of the county assessor, which is filed at the end of August shows other differences than the report filed in July.

HOUSING WILL BE ON CHAMBER AGENDA

Housing and street decorating plans for the 1960 Olympic Winter Games will be discussed among other things at a meeting of the Truckee Donner Chamber of Commerce Wednesday at noon at Smarts.

N. F. Dolley, chamber president, said offers have been received to provide suitable banners and flags for decorating the main streets and everyone is urged to attend and discuss these plans.

The matter of housing during the game is also of vital interest and hotel and motel owners and those having housing facilities are asked to attend.

SMORGASBORD WILL BE HELD AUG. 15TH

Members of Truckee Chapter No. 116, Order of the Eatern Star, are busy preparing for a cabaret smorbasbord dinner to be held Saturday, August 15 at the Masonic banquet hall.

The public is invited and everyone is urged to bring their family and enjoy a good dinner and the entertainment.

Work on Freeway In Truckee Area Drawing To Close

Boca Project Is Opened To Traffic; Work Now Near Complete

Freeway construction in the Donner Lake to Nevada state line area is rapidly coming to a conclusion and already parts of the new road are in use.

The project from Donner to Boca is 76 per cent complete as of July 31, the division of highways at Marysville reported, while the project between Boca and Floriston is 91 per cent complete.

In the former job, subgrading is finished and work on the ramps is started. The paving crews are completing about 3000 feet daily. Next week plant-mix surface operations will begin on frontage roads and over-crossings.

Friday morning traffic was routed through the total length of the Floriston-Boca unit, which is posted at 35 miles per hour. Secondary work continues such as subgrading outer roads, slope rounding and cleanup.

The latter project is being done by Isbell Construction, Granite Construction and Gordon H. Ball, while Frederickson and Watson and Ransome Company are doing the Boca to Donner work.

Cost of the two projects was $14,945,616, while the Floriston to State Line work was over $5,000,000 the division reported.

The work when completed will provide 21 miles of continuous concrete freeway from Donner Lake to Nevada.

LAST RITES HELD AT RENO FOR M. CUPPLES

Funeral services will be held tomorrow at 10:30 o'clock for Miss Mary Cupples at the Ross-Burke Funeral Home at Reno, Nevada, under the auspices of the Order of the Eastern Star.

Miss Cupples who was 90 years old on January 4, was a native of Ireland and was a member of a Truckee pioneer family. She was a member for many years of Truckee Chapter, No. 116, Order of the Eastern Star, but since the death of her sister, Mrs. Elizabeth McKay went to Reno where she made her home with her brother, the late Joseph Cupples and his surviving wife.

Mrs. Charles Heller and Mrs. Wayne Philippi, officers of the local order, assisted the family in the last arrangements.

RHOADS CONTINUES DONNER TRAIL WORK

Mr. and Mrs. Earl Rhoads of San Jose have been vacationing here while he continues the work of the late P. M. Weddell in the yearly restoration and new discovery of the markings of the Donner party.

Rhoads who has spoken on the subject before local service clubs, is a member of the Historic Landmarks Commission of San Jose and with Clyde Arbuckle, Santa Clara County historian, has become interested in the pioneers route.

They have, as did Weddell, spent time and money to help perpetuate the story of the past, despite vandals and severe weather conditions which make necessary for posterity the annual 16 miles trek over the trail.

FIVE BABIES BORN IN LOCAL HOSPITAL

Five babies, four girls and one boy, were born at the Tahoe Forest Hospital during the past week.

Kathryn Eileen, 8 pounds 7½ ounces, arrived July 30th to join the John Goldsmith family of Truckee and the following day, Bernice Loretta Vierra was born to Mr. and Mrs. Francis Vierra of Truckee and Elizabeth Ann Riffe, daughter of Mr. and Mrs. Richard Riffe of Truckee put in her appearance.

Mark Jason Felte, son of Mr. and Mrs. Jack Felte of Kings Beach, was born August 4 on the same day a daughter was born to Mr. and Mrs. Carl Zehm of Tahoe City.

Former Truckeeite Here

John Wolert of Stockton is at his local home. He said that Wm. Wilkie, Jr. also a Stockton resident is a hospital patient in his home city.

SUNBEAMS

By WALTER M. BARRETT

It seems that regardless of warning of the extreme fire hazards which exist in the forests this year, there are still literally hundreds of people who are unthinkingly careless. Too few drivers—especially those from the cities who are used to tossing burning cigarettes from their cars upon the streets—are using ash trays. All one has to do is to follow closely behind a car in which there is a smoker and the chances are very good that he will see the butt fly through the air onto the dry roadside. Fortunately, rights of ways are well cleared and offer little to burn, but occasionally a breeze will carry the fire into dry grass and then trouble can start. It has been estimated that the forests and grasslands this year are 150 per cent dryer than last and unless everyone heeds the sage advise of Smokey the Bear that "Only you can prevent a forest fire," we in our area may experience some of the devastation which has ruined thousands of acres throughout the state, as the situation grows daily more critical.

The chamber of commerce is surely entitled to a pat on the back for sponsoring a parking lot on the main street. While this facility has not eliminated the usually crowded street it has done much in the way of relief and the 30 or 40 cars which ordinarily would be parked along the main business block are now providing space for shoppers. We appreciate the fact that financing of this lot was done by local merchants, but the efforts of the chamber and it's capable officials made it possible.

ST. LOUIS CAFE IS ROBBED OF CASH

A thief entered the office of the St. Louis Cafe sometime between 6 and 8 p. m. last Tuesday and escaped with $110 in currency and coins, according to a report to Deputy Sheriff Robert Schooley by the owner Hal Welch.

According to Mrs. Welch, who was in charge of the cafe, she had placed the money in a metal cabinet in the basement office at 3 p. m. She was absent from the place between 6 and 8 and upon her return found the cabinet broken into and the money gone.

The restaurant was open at the time and the stairway to the basement is not always visible to customers or employes. It is believed that someone familiar with the office and stairway committed the robbery.

FATHER OF LOCAL WOMAN DIES AT BAY

Mr. and Mrs. Joe Straub returned from Berkeley after they had attended funeral services Monday for her father, Raymond Hall who died July 29, following a lengthy illness.

The deceased had a number of friends here where he has often visited with his surviving wife, Ethel. Two other daughters live in the bay area. Hall was 59 years of age and was a veteran of World War One.

Mr. and Mrs. Robert Tonini of Tahoe City and Mr. and Mrs. Wilber Glenn of Truckee also attended the services.

BOYS WILL HAVE TRIP TO SEE GIANTS GAME

The Truckee Lions Club is sponsoring a trip to San Francisco for 32 local boys who Saturday will see the San Francisco Giants and Cincinnati play major league baseball. The three adults who will accompany the group are Roy Waters, Robert Siebold and Charles Cozzi.

All the expenses, except for the boys' meals, is being paid by the Lions and Robert Coats of Clements Rock Products. An additional $30 has been contributed by individuals.

The group will return Saturday night on the chartered bus.

Jack Brownell, former Truckee resident, was visiting with friends here this week from Sacramento.

Mountaineers In Victory as Craig Robinson Is Star

Local Hurler Wins Eighth Straight Game As Fallon Loses

By JOHN FIRPO

Craig Robinson picked up his eighth straight win of the season and Otis Cluck batted home three runs as the Truckee Mountaineers took a 10-5 victory over the Fallon Merchants here last Sunday.

The victory placed the locals in a tie for the Sierra Nevada League lead with Verdi, both teams have 8-2 records. Fallon meanwhile, was dropped down to second with a 7-3 status. The herky-jerky fireballer struck out 12 Merchants and allowed 7 hits while chalking up his eighth win without a defeat this campaign. He pitched no-hit ball from the third through seventh innings.

Both clubs tallied early in the game with Truckee taking a slim 2-1 margin at the end of the first frame. Fallon collected one as did the Mountain Men in the second stanza and the lead held in the favor of the locals. Robinson then hurled no-hit ball for the next five complete innings while his teammates were busy building him up a 10-2 lead; the big blows being Otis Cluck's two-run producing single and Robinson's own

Old 'Bug' Station Offered For Sale

A public auction for the sale and removal of one building located just west of the Polaris Bridge, approximately five miles east of Truckee, on U. S. Highway 40, will be conducted on the premises at 11:30 a. m., August 25, it was announced today at the state division of highways district office in Marysville. The building is the old quarantine station.

Minimum acceptable bid on the 2,688-square-foot frame structure is $550. A minimum deposit of $137.50 will be required of the successful bidder at the time of the auction. Deposit must be cash, cashier's check or certified check. Personal checks cannot be accepted. The purchaser will also supply a faithful performance bond of $500.

The building and appurtenances, including a water system and oil tank, will be open for inspection August 18 from 11 a. m. to 4 p. m., and from 10:30 a. m. on the date of sale. It must be removed by November 15.

Additional information may be obtained from the Division of Highways district office in Marysville.

EIGHT ARE INJURED IN 4-CAR ACCIDENT

RENO—Eight persons received minor injuries early Sunday morning in a four-car crack-up at the north end of Lake Tahoe near Crystal Bay.

The sheriff's office reported that John Lee Van Hooser, 22, of Kings Beach had been cited for reckless driving in the complicated accident. Deputies said Van Hooser's vehicle was moving at a high speed westward along Highway 28. It began to pass a second car, striking it on the rear and driving it from the road. The Van Hooser car was then involved in a collision with a third car, and a fourth vehicle hit the third car shortly after the two had collided and blocked the road.

Treated at a Reno hospital were Mr. and Mrs. Carl Koelhler of Kings Beach, and Arthur and Suzanne Sheeter of Colma, Calif.

The accident occurred shortly after midnight Sunday.

WARNKE REPORTS CHAIN SAW THEFT

Hap Warnke reported to Deputy Sheriff Emery Lander that while he and Mrs. Warnke were absent from their home at Donner Lake Sunday between 8 and 12 p. m., someone entered the premises and stole a McCullach chainsaw valued at $463. The yellow colored saw had been left in the yard near the garage.

Happy Days—

Mrs. Fred Pedley is observing her birth date today and Mrs. Oscar Schumacher will enjoy hers on August 12.

Second School Is Victim Of Vandals In Truckee District

For the second time within recent weeks, schools have been subjected to vandalism.

The Truckee Elementary School was entered through a rear door, apparently by youngsters, Chief Deputy Sheriff Roy Waters reported. Once inside the vandals raised havoc.

A piano was broken with a hammer as was a record player, chalk marks were made all through the building and red ink scattered widely around the rooms.

The mischief occurred, Waters said, sometime between July 20 and 27 when no one visited the building.

A few weeks ago, four teen age boys entered the Tahoe Truckee High School and caused thousands of dollars damage in the rooms and offices by destroying equipment and records and shooting arrows through the ceilings and walls of the building.

Waters said many youths have been questioned regarding the thus fare the officers have not thus far the officers haev not come up with a clue.

Fibreboard Crew Gets Safety Award

Because the first five pages of the most recent issue of "Fibreboard Shield," the official publication of Fibreboard Products Company, are filled with pictures of the Truckee-Donner cleanup, paintup program one is apt to overlook another important picture which appears on page 17 of the same magazine.

This photo shows employes of the Truckee Logging Division of Fibreboard celebrating the winning of their "non-injury" safety award with a dinner. Those in the picture are Don Bonsey, Marge Cavanaugh, Charles Willhite, Paul Shively, chief forester, who presented the award, Les Cavanaugh, logging superintendent, who accepted the plaque and Roy Dorf and Bob Manley.

JOHNSON SUPPORTS GREAT WHITE FLEET

Congressman Harold T. (Bizz) Johnson, Second District, has introduced a resolution supporting a proposal for the use of a modern Great White Fleet to carry food, medical supplies and aid to distressed areas of the world.

The proposal involves the use of naval vessels now in mothballs. They would be unarmed and painted white to emulate the famous Great White Fleet used by President Teddy Roosevelt in 1907 which resulted in world-wide good will towards the United States in its tour around the world.

The ships would carry surplus foods for distribution in distressed and needy areas. Hospital ships would be included with volunteer doctors, and nurses to render medical aid wherever needed.

By using the suggested fleet we can obtain a practical aspect to our mutual aid program, on a direct people-to-people basis," Johnson said.

HYDROGEN BOMB'S 'FATHER' IS VISITOR

Truckee had an unusually distinguished visitor last week when Dr. Edward Teller of Livermore, father of the hydrogen bomb, spent three days at Gateway Motel.

Dr. Teller in a recent copyrighted article in the San Francisco Examiner, is convinced that Russia will lead the scientific world in the next decade. "I think there cannot be a shadow of a doubt that 10 years from now Russia will be the unquestioned leader in the scientific field," Dr. Teller is quoted as saying.

After his brief rest here, Dr. Teller returned to his laboratories at Livermore.

Attend Funeral

Mr. and Mrs. Alvah Hooper Tuesday attended funeral services at Grass Valley for the former's uncle, Frank Hooper, 85, a native of Nevada County and for more than half a century mill man at the Empire mines. Hooper was born at Grass Valley January 15, 1874 and was a member of an early pioneer family.

Truckee Warden Ends Life In Yolo; Rites Held Today

Fish and Game Official Was Highly Regarded By Many Friends

Funeral services were held this Thursday morning at 11 o'clock in the chapel of Harry A. Nauman & Son in Sacramento for Erwin Marion Single, 43, a Truckee fish and game department warden for the past eight years, who was found dead in his apartment in Woodland Sunday morning.

Coroner W. C. McNary of Yolo County, said Single left a suicide note addressed to his two sons and an empty pill bottle was found near the body.

Following the rites this morning, interment was in the Odd Fellows cemetery at Sacramento.

Single went to Woodland Friday on a temporary assignment to replace the game warden there. He had been in ill health and only recently was permitted to return to work.

The note found in the apartment at 222 Walnut Street was found by the owner, Harold Hickey. It was addressed to his two sons, Erwin H. and Douglas R., both of Sacramento and read simply:

"Forgive me. Dad."

Besides his sons, Single left his wife, Elsie of Truckee and one grandson. Other relatives include his father, Marion, a brother, William C. all of Sacramento and a sister, Mrs. Caryl Hanks of West Sacramento.

The deceased was a native of Sacramento. He was a veteran of World War II and since his discharge had been employed as a game warden.

Single was held in highest regard by his superiors in the department as well as among his legion of friends throughout the region. He was known as a good warden, fair and capable and he will be greatly missed by his friends and associates.

New Students To Register Aug. 10

Registration for new students at Tahoe Truckee High School begins August 10, Principal C. W. Sciutto announced this week.

All new students grades nine through twelve are urged to register before the opening of school on August 31. The counselors will be in their office Monday August 10th between the hours of 9 a. m. and 4 p. m. The registration procedure includes:

1. Setting up a course of study for the student—college prep, vocational or general.
2. Reviewing school procedure.
3. Discussion of the discipline policy.
4. Discussion of school bus and regulations.
5. A tour of the school plant.
6. A picture of the testing program.
7. The description of the extra-curricular program.
8. The equipment and materials needed for the school year.
9. The type of clothing appropriate for school year.
10. The cafeteria program.
11. The assignment of lockers.

The value of early registration results in assuring the student that he will be able to take the courses he desires before the sections become full, Sciutto said. Many new students naturally have fears and doubts about entering a new school, an early acquaintance with the school helps diminish these fears and doubts and builds up confidence in the student, he added.

Parents and students are invited to come at any time beginning August 10th.

To eliminate any waiting, call LU 7-3574 for an appointment.

ANNUAL SILVER TEA OF WYETHIA FRIDAY

The annual silver tea of the Wyethia Club will take place in the garden of the I. Firpo residence at Gateway Park tomorrow afternoon between the hours of 2 and 5. The receiving line will be composed of past presidents of the organization and Mrs. H. C. Johnson of Marysville, Sutter District amenities chairman will give a program of readings.

Mesdames C. B. White, Robert Bick, Fred Pedley will preside at the tea table. Summer floral arrangements will decorate the attractive setting. The committee in charge of arrangements includes Mesdames Pedley, Bick, William Randall, Fosten Wilson.

New comers to the community, with members and their guests are being extended a cordial welcome to attend the social event.

Many Guests—

Mr. and Mrs. Oscar Schumacher had several guests recently including her nephew and wife, Mr. and Mrs. Delbert Frisch of Richmond, Mrs. Betty Elledge of Sacramento and Mr. and Mrs. Rudy Becker of Oroville. The latter couple were former local residnets.

NOTICE OF TRUSTEE'S SALE

On Friday, the 21st day of August, 1959, at 11:00 A. M., DORIS C. FELTON as substituted trustee (by virtue of an instrument entitled "Substitution of Trustee" dated February 20, 1957, recorded March 18, 1957, in book 230, page 459, Official Records in the office of the Recorder of Nevada County, California) under and pursuant to a Deed of Trust dated December 5, 1941, recorded December 8, 1941, in book 75, page 205 of Official Records in the office of the Recorder of Nevada County, California, and securing among other obligations a promissory note in the principal sum of FOUR THOUSAND ONE HUNDRED SEVENTY DOLLARS ($4.170.00) dated December 5, 1941, in favor of FRED D. RAYMOND (now deceased and whose interest as payee and beneficiary has by devolution vested in DONALD M. FELTON), will sell at public auction to the highest bidder for cash (payable in lawful money of the United States of America at time of sale) at the main entrance, Nevada County Court House, Nevada City, Nevada County, California, all right, title and interest conveyed to and now held by her under said deed of trust in the property situate in the County of Nevada, State of California, described as follows:

All that certain property being in the Southwest quarter of the Northwest quarter of Section 23, Township 17 North, Range 14 East, M.D.B.&M., described as follows, to-wit:

Beginning at the Southwest corner of the lot herein described a pipe 1 inch in diameter, from which the point for the quarter section corner between Sections 22 and 23, Township 17 North, Range 14 East, M.D.B.& M., bears South 35° 27' West 247.26 feet; thence North 6° 10' West 100.00 feet to the Northwest corner a pipe ¾ inches in diameter; thence North 83° 50' East 100.00 feet to the Northeast corner, a pipe 1 inch in diameter; thence South 6° 10' East 100.00 feet to the Southeast corner a pipe 1 inch in diameter; thence South 83° 50' West 100.00 feet to the place of beginning.

EXCEPTING from the foregoing described parcel that certain parcel of land as conveyed by the deed dated November ——, 1937, recorded December 4, 1937, in Book "39" of Official Records, at page 421, executed by William Rutherford, a single man, to Marie Aslakson, a single woman.

The beneficial interest under said deed of trust was distributed to DONALD M. FELTON by an "ORDER SETTLING FIRST ACCOUNT AND DIRECTING PRELIMINARY DISTRIBUTION" entered in the matter of the estate of FREDERICK D. RAYMOND, also known as FRED D. RAYMOND, also known as FRED RAYMOND, also known as F. D. RAYMOND, deceased, by the Superior Court of the State of California in and for the County of Placer in probate proceedings No. 8209; said Order having been recorded on August 13, 1956, in Book 223, page 407, Official Records in the office of the Recorder of Nevada County, California.

Said sale will be made, but without covenant or warranty express or implied, regarding title, possession or encumbrances, to pay the remaining sums due upon said note and secured by said deed of trust, to-wit: $2,999.11 with interest from February 14, 1948, as in said note and deed of trust provided, advances, if any, under the terms of said deed of trust; fees, charges and expenses of the Trustee and of trust created by said deed of trust.

The beneficiary under said deed of trust, by reason of a breach or default in the obligations secured thereby, heretofore executed and delivered to the undersigned, a written Declaration of Default and Demand for Sale, and written Notice of Breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter, on August 14, 1957, the undersigned caused Notice of Default to be recorded in Book 235, page 432 of Official Records in the office of the Recorder of Nevada County, California.

Dated: July 21, 1959.

DORIS C. FELTON, Trustee
Jy30A6-13-20.

GOVERNOR'S HOME TO HAVE SWIM POOL

SACRAMENTO—(CNS)—A first step toward living quarters of California's first family out of the horse and buggy days got underway this week with beginning of construction of a swimming pool at the governor's mansion in Sacramento.

The pool is to be financed by contributions of several hundred "Friends of Pat Brown," as the result of a plan suggested and managed by Assemblyman Thomas J. MacBride. Contributions have been limited to a maximum of $50.

Gov. Edmund G. Brown, who likes to swim, has been hesitant, as other recent governors have been, to initiate any action toward providing a new executive mansion or improving the present one. A downtown site purchased for a new mansion some dozen years ago has been used as a parking lot. It definitely is out as a mansion site with the recent announcement a huge office building would be constructed on the property.

Brown, however, said he will make some moves toward providing a new governor's mansion for the next governor. (Gov. Goodwin J. Knight provided a new $4,300 set of china for Brown, ordering it during the twilight of his term of office).

The present mansion, at the corner of 16th and H Streets in Sacramento, is adjacent to a U. S. highway, is adjacent to a U. S. trucks. Asked what some of his distinguished visitors had to say about the mansion, Brown said:

"Some of them have had difficulty in sleeping in the guest room. I'm getting a little reluctant to ask them to spend the night."

BE CAREFUL WITH FIRE

Raisins are a foodstuff of great antiquity which, for many centuries, were a staple food of many nomadic peoples.

KEEP OUR FORESTS GREEN

At Lake—

Mr. and Mrs. Victor Costa of Oakland are sojourning at Tahoe City as usual for the balance of the season.

DONNER DOINGS

BY VIRGINIA O' BEAR

Mr. and Mrs. Bill Knapp have moved from Tahoe City back to Donner Lake, with young daughter Susan. Bill and Elizabeth managed the Snack Shack last summer at the west end of Donner Lake for Tom Bonano. Bill plans to open a plumbing shop soon.

* * *

Mrs. Julia Swanson of Porterville is visiting her niece, Mrs. Frank Stewart for a few days. She says she likes Donner Lake very much and is enjoying her first visit in this area.

* * *

Mr. and Mrs. Roy Stallard were up the past weekend and stayed at the Lindauer home. I saw Roy out in a boat so I know he had fun boating and water-skiing. Roy's daughter, Joanie and baby, are up for a week and are enjoying the beautiful weather we are having.

* * *

Here is another fish story and one that can be proved, so I am told! The other day, Carson White was showing a choice lot near the waterfront at Donner to a likely prospect. The fellow asked Carson if there were any fish in this lake and Carson said, 'Sure, there are kokanee, mackinaw, and big rainbow!" He told him to come on over and he would show him some, so when they got over to the water they spied a ten and a half inch rainbow right there in front of them in the shallow water. Much to the surprise of the curious fellow, Carson jumped right into the lake and caught that fish with his bare hands. The fellow laughed so hard and got a kick out of Carson trying to prove his point that there are fish in Donner Lake. The fellow didn't know however, that he found a hook and a piece of leader in it which means that someone else had hooked him and tired him out before the line was broken.

* * *

A board meeting was held Monday night at the home of Dr. Robert Affeldt and members of the board of directors of the Donner Lake Volunteer Fire Department approved and accepted the terms for a lease of land offered by the Donner Lake Utility Company. Within a short period of time, results will be made public as to where the land is, all about the new fire house to be built and everything in general concerning our new project. It is very important at this time to remember the telephone number of the fire department. Since there is an extreme fire hazard, everyone should be very careful and in case of fire, dial LU 7-3331.

* * *

Some of our "little Donner Lake girls" are happy to know that their dance instructor, Miss Renee Hall has returned from a month's vacation at Long Beach. Lessons are being resumed this week and Renee came back with a lot of new ideas for her pupils.

* * *

We are still working on the zoning petition for Donner Lake. We need a few more names to present to the Nevada County Planning Commission. In case you have been away on vacation and haven't heard, our area has to be zoned if we expect to keep out undesirable businesses and trailer courts which would ruin the beautiful resort area of Donner Lake. There are plenty of property owners who are against people setting up shop in their front yards so if you are one of them, sign the petition that can be found at Welch's Hardware in Truckee, Armstrong Realty at Donner Lake or see me at the Lakeview Hotel at Donner Lake. We need your signature!

* * *

I have been busy answering the telephone and the doorbell all week the reason is that people read my column last week about the dangerous situation at Donner Lake. People said they would back me up if I would go to the proper authority to get something done about the boats coming in so close along the beach where children are swimming. Well, I contacted Deputy Sheriff Roy Waters and he informed me that starting this weekend, Donner Lake will be patrolled and that law and order will be enforced.

How spiritual understanding of God heals sickness as well as sin will be brought out at Christian Science services Sunday.

"Spirit" is the subject of the Lesson-Sermon.

Readings from the King James Version of the Bible will include Christ Jesus' promise (John 14:12): "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; beacuse I go unto my Father."

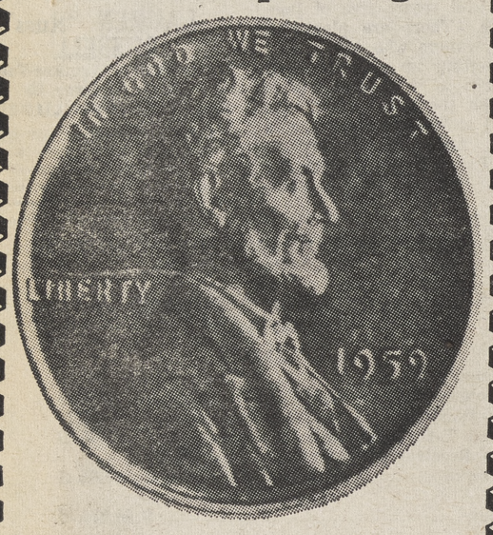
From "Science and Health with Key to the Scripture" by Mary Baker Eddy the following will be read (316:7): "Christ, Truth, was demonstrated through Jesus to prove the power of Spirit over the Flesh,—to show that Truth is made manifest by its effects upon the human mind and body, healing sickness and destroying sin."

TRUCKEE BIBLE CHURCH
(Non-denominational)
Roy S. Rhoades, Pastor
Sunday school 10 a. m.

Morning worship 11 a. m.
Sunday evening 7:30 p. m.

In our land of prosperity and plenty men have come, for the most part, to look to their own self sufficiency to meet every need. But the screaming headlines in our newspapers serve to refute the prevailing feeling that this world's goods and self sufficiency satsify man's deepest longings. H. A. Ironside said: "God has ordained that nothing in this world will satisfy the human heart." Sunday's message will be entitled: "The Disaster of Self Sufficiency."

POWERful penny!



The pennies per day you pay for electricity do more to bring you better living than any other pennies you spend!

Low-cost electricity does all sorts of jobs around your home—24 hours a day. Electricity is your biggest bargain, and your best servant, too!

LIVE BETTER ELECTRICALLY

(Edwin S. Capps, regular conductor of the Fish 'N Gamer, is on vacation. This is one of a series of guest columns during his absence).

Written for CAPTIOL NEWS SERVICE
By Gov. Edmund G. Brown

SACRAMENTO — (CNS) — It isn't very often that we can reduce governmental costs while improving services to our people and helping to preserve our precious resources.

Today we are doing just that with an accelerated statewide conservation program approved by the state legislature at my request.

The program will mean new recreational areas and expanded fish and game facilities for our people. It will mean stepped up efforts to save our forests and wildlife areas from the ravages of fire.

It contemplates use of minimum security state prison inmates in a far-flung system of conservation camps. It will mean relieving over-crowding in our prisons, currently housing 3,500 more inmates than they were designed for.

Thousands of acres of valuable timber have been burned in California this year, and the posibility is that even further destruction will occur.

At the same time, scores of thousands of our own residents and tourists are crowding our recreational areas, straining facilities to the breaking point.

Our leisure time is increasing and will increase further as automation of industry leads to shorter work weeks, longer vacations.

California, I think, is prepared to meet this challenge with its new conservation camp program.

Since Jan. 1, we already have increased the number of men in conservation camps from 955 to 1,350. At year's end there will be nearly 1,800 in the camps and, by June 30, 1960, some 1,950.

Within five years, we will have 2,560 men in the camps and 3,600 in conservation centers and branches. These men are now idle in our prisons, costing us thousands of dollars and contributing nothing of public benefit.

We will put them to work, building roads into recreational areas, improving forests, fighting fires, clearing streams for better fishing, building check dams to conserve fish, improving state parks to provide expanded recreational facilities for all of us.

We will build a Conservation Center in Lassen County, and Director of Corrections Richard McGee is already studying possible sites. Branches will be built in Tuolumne and Mono and, perhaps, Humboldt counties.

Four 60-men camps in San Diego, two in Mendocino and one each in Butte, Calaveras, Shasta and Monterey will be expanded temporarily to 80 men. We will open two new camps in Fresno and San Bernardino counties.

I have signed a bill by Senator Stanley Arnold of Susanville which creates a Division of Conservation headed by a deputy director who will have full responsibility for the program.

He will work with the Division of Forestry and Department of Fish and Game as well as other affected state departments.

The legislature appropriated $8.5 million to finance the program this year, but in the long run, the state will save money.

Cost of constructing a prison facility is about $10,000 per man. Cost of a conservation camp is about $7,000. And it will cost only $381 per man per year to turn idle prisoners into useful workers.

They will be doing work which might not otherwise be done and which will be of lasting public benefit, work which will place California among the nation's leading states in conservation and recreation.

DAMAGE AWARDED FOR BUS ACCIDENT

AUBURN — A superior court jury in Placer County has awarded Bruce Leroy Edwards $37,500 for injuries suffered in a Greyhound bus accident near Emigrant Gap in 1958. A suit for $250,000 had been filed against the Greyhound Corporation and Driver Harry Knight. Edwards was a passenger on the bus when the accident occurred.

SACRAMENTO MAN EXPIRES AT TAHOE

HOMEWOOD — George Siller, 68, Park Hotel president and manager and the son of an earlyday Sacramento contractor and hotel man, died Tuesday while vacationing at Lake Tahoe.

His wife, Helen, said he was stricken while driving his car Tuesday morning after boating on the lake. Mrs Siller turned the car ignition off when he slumped at the wheel and avoided an accident. Her mother, Mrs. Martha Franz, also was a passenger in the auto.

Mr. and Mrs. Siller had been vacationing at their summer home at Pine Crest, near Homewood, for about a month and were planning to return to Sacramento Wednesday.

Uruguay markets more than one-quarter of all its wool exports in the United States.

TRUCKEE, CALIF.

VISITORS SURPASS MEMBERS AT ROTARY

TAHOE CITY — Visiting Rotarians are becoming so numerous at the Tahoe City Rotary Club luncheon meeting that on Tuesday July 27, President Bill Bechdolt had to ask local members to stand for counting. The count was 27. Visitors make up cards turned in numbered 34.

For the lunch program, A. A. "Vet" Vetriolo of the State of California Department of Agriculture Wine Advisory Board, told of the wine industry which he said is the largest industry in California. He said wine is the only alcoholic beverage that is mentioned in poetry and song and used moderately it is a health drink. California wines are gaining such worldwide favor that students from abroad are coming to the state department of agriculture at Davis to learn to make wine, Vetriolo said.

At the conclusion of his talk, Vetriolo showed a color film on the wine industry from vineyard to the dinner table. Tony Donadio was program chairman and introduced the speaker.

RIDGWAY SELECTED BY WADDELL REED

KINGS BEACH — The appointment of George U. Ridgway of Kings Beach as a registered representative of Waddell Reed, Inc., international distributor of United Funds, Inc., has been announced by the firm's headquarters in Kansas City, Mo.

For the past six years, Ridgway has been lessee manager of the Kings Beach resort here.

Waddell Reed, Inc. maintains 130 offices in 47 states, Hawaii and Puerto Rico.

Visit From Reno—
Mr. and Mrs. Robert Bowers and daughter Kristine of Reno visited Mrs. Al Pfaendler, who is a patient in Tahoe Forest Hospital.

Anne Triola, one of Sacramento Music Circus' preferred performers, will be welcomed back to the big blue and green tent Monday, August 10th, in the last show of the 1959 season, Bells Are Ringing. Showgoers will see her antics in 14 nightly performances through Sunday, August 23rd.

POLICE UNIT WILL BE CHOSEN FOR VALLEY

AUBURN — Sheriff William A. Scott said he is organizing a police unit to serve at Squaw Valley next February.

Scott met with Timothy Sullivan of the Olympic committee to lay the groundwork for the law enforcement group which will act as a public reelations unit as well as a police organization in the valley.

"It probably will take about 40 men," he said, "to patrol and act as security officers in the same area." Most of the men will be from the auxiliary sheriff's department.

The sheriff said an extensive training program will be conducted to familiarize the police unit with the geography of the valley. He emphasized the men also will be schooled in public relations.

Scott said it is his understanding the sheriff's unit and the highway patrol will be the only police agencies in the valley.

Funds to finance the police project and additional equipment are being solicited from the Olympic commission.

$366,000 PERMIT FOR BUILDING IS ISSUED

TAHOE VISTA — The Malloch Construction Company last week obtained a permit for the erection of a $366,000 building. It calls for a hotel and restaurant in the Tahoe Vista area to be operated by the Tahoe Klahoya Company, Inc. It was the largest building permit issued in Placer County last month.

NOTICE OF REQUEST FOR BIDS

Notice is hereby given that bids, in duplicate, will be received by the Board of Directors of Truckee Public Utility District, State of California, at the office of the District, Main Street, Truckee, until 10 a. m. August 11, 1959 for the purchase by this District of an assorted supply of pipe, valves, fittings, etc. Specifications and delivery dates therefore may be obtained at the office of the District. The Board reserves the right to reject any or all bids.

JUNIOR OUTBOARD REGATTA STAGED AT TAHOE SUNDAY

TAHOE CITY—Sunday, August 2, The Tahoe Yacht Club staged the first junior outboard regatta of the summer season here at Lake Tahoe.

Announcer and Committee Chairman R. Randolph Walker has planned the next regatta to be held August 16 at Obexers Boat Company in Homewood. The first three place winners were given trophies to commemorate their efforts and have collected points as evaluated by the American Power Boat Association standards toward a season trophy to be awarded at the conclusion of the final race to be held at the Sierra Boat Company on August 30.

The trophies in Sundays events were awarded in the following classes:

First Race—7½ hp. 13 years and under: 1st Bobbie Mullen, 2nd Denny Higgins, 3rd Steve White.

Second Race—Class B Hydroplanes 14-18 years: 1st Jack Healy, 2nd Rocky Mullen, 3rd Bob Frost.

Third Race — Class B Utility Boats 14-16 years: 1st Jack Healy, 2nd Scott Fitch, 3rd Tom Little.

Fourth Race—Runabouts 19 hp. and under 13 years and under: 1st Denny Mullen.

Fifth Race—20-26 hp. runabouts under 18 years: 1st Bob McDonald, 2nd Jake Obexer, 3rd Fred Schultz.

Sixth Race—37-50 hp. runabouts any age girls: 1st Bucky McNeil, 2nd Stannie Good, 3rd Pamela Clark.

Seventh Race—51 hp. and over 14-16 years: 1st Jack Healy, 2nd Bill Rose.

TWO ROBBERS HOLD UP TAHOE STATION

TAHOE CITY — Placer County deputies sheriff are seeking two men, one of them armed, who last week robbed a service station attendant of $50. Both men wore red hats, khaki shirts and jeans. They entered the station of Route 28 and forced the attendant to give them the money. One man carried an automatic pistol.

GARBAGE BIDS FOR TAHOE ARE ASKED

TAHOE CITY—Bids for garbage disposal service in four unincorporated areas in Placer County will be opened August 11 at 2 p. m. by the board of supervisors.

Two of the areas are at Kings Beach and Tahoe City and two adjoin each other at Colfax.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California, at the office of the Superintendent, Truckee, California, on or before, and no later than September 8, 1959, at eight o'clock P. M. at which place and time bids will be opened for the purchase of one school bus in accordance with the specifications on file at the office of the District Superintendent.

The above bus shall meet all requirements of the State of California in every respect as set forth by the State Department of Education and the California Highway Patrol for 1959 regulations.

The Board of Trustees reserves the right to reject any or all bids, in part or in toto, to waive any irregularities, and to be the sole judge of the suitability of equipment offered.

Bidders are required to submit complete specifications for any and all items for which bids are offered and furnish a certified check in the amount of ten (10%) per cent of the bid to guarantee faithful performance of contract.

By order of the Governing Board.

3-WAY ENGINE PROTECTION—

RPM Heavy Duty Motor Oil protects your gasoline engine against three basic causes of damage.

1. A special detergent washes away carbon deposits—keeps rings free and unclogged.
2. Rust and lacquer are prevented by a corrosion inhibitor.
3. Wear is minimized by a tough film of oil that clings to parts whether engine is hot or cold, running or idle.

P. O. Tahoma, Lake Tahoe

Mr. and Mrs. Robert M. McLane of Tahoe Tavern Heights will be saying aloha, but not goodbye, to Tahoe this month. Bob will study law at Hastings Law School in Albany and Naomi will teach at junior high school in Oakland. They'll lease their house, because their hearthstone will always be in Tahoe, says Naomi. Erica, Jeff and Tony will attend school in Albany. Their new address, as of August 20, will be 1020 Ventura Avenue, Albany. All good wishes go to the McLanes for the best of fortune until their return.

Chick and Denny Warner, formerly Tahoe City residents, now living in Cupertino, were lonesome for Tahoe. On a quick day's trip, they stopped to say hello to Naomi McLane and, through her, relay their greetings to Tahoe friends. Chick is recovering nicely from the auto accident he suffered a year ago.

* * *

Cliff Plew, brother George and family from Indiana spent a week with him at Lake Forest, then took Naomi Plew and the three children back for a visit in Indiana with Naomi's mother.

* * *

Mrs. R. R. Fauntleroy and her daughter, Mrs. B. L. Jackson of Chandler, Arizona are spending the summer at Pinecrest Lodge, Tahoma, accompanied by their chic and very aloof miniature French poodle, named Patou.

* * *

Dr. and Mrs. Wellesley S. Magan of West Covina usually spend two months in the lakefront house of Mr. and Mrs. Johel W. Lloyd, Tahoma, but this year they spent one month at Sugar Pine Point Lodge and are now at the Lloyds.

* * *

President Louis Celia, of the Tahoe Cedars Property Owners Assn., has called a general membership meeting for Thursday, August 13, at 2 p. m., at Arbutus Boys Camp, 7th and Alder. He plans to have a special guest speaker.

* * *

Mrs. James Gurnari of the Tahoma Coffee Shop made a trip to Walnut Creek and San Francisco last week and is glad to be back in Tahoe's coolness.

* * *

Mrs. William Reinhardt of Pasadena has purchased the Hart home in the Meeks Bay region, after 40 years of summering at Brockway. Mrs. Reinhardt recalled making the first trip on the narrow-gauge railroad from Truckee to Tahoe City with her father, when there were only about four resorts on the lake.

* * *

Mrs. Constance L. Campbell and Mrs. M. F. Bettis are at their summer place in Tahoma, but they say it was hard to leave their newly-built home in Del Mar on a cliff-side with a beautiful sea view.

* * *

Some nostalgia set in for the good old days when we came upon old grocery slip, dated September 25, 1937 from Dunphy Estate, dealers in general merchandise, Sawyer Bar, Siskiyou Co., Calif. One lb. butter, 43c; 2 loaves bread, 20c; 5 lbs. potatoes, 15c; 1 lb. coffee, 31c; 1 doz. best eggs 35c.

* * *

Dr. John Anderson of Hillsborough, who practices in San Francisco, is spending some time with his sister, Mrs. Flora Anderson at Tahoe.

* * *

Superior Court Judge Harry J. Neubarth, his wife and daughter spent a week with Mrs. A. C. Biestman of Tahoma.

* * *

Italy has already issued a 1960 Olympic stamp. We received a handsome one on a postcard recently.

* * *

Mrs. Edwin L. James of New York City spent several weeks with the Ralph S. Peers, White Firs, Tahoma, and left to visit Virginia City where Publisher Lucius Beebe is giving a party in her honor. The late Mr. James was editor of the New York Times.

* * *

Young Ralph S. Peer, II, is having more fun than Marco Polo in Europe this summer, a gift graduation trip from his parents, Mr. and Mrs. Ralph S. Peer of White Firs, Tahoma. He writes he's having a splendid time sailing every day and playing tennis at Cote d'Argent, France. He will travel into the heart of the Perigueux country famous for a cathedral, fine Roman remains, pates, feudal chauteaux and the caves once inhabited by Cro-Magnon man. Ralph writes he's making out all right with his French. He should, he has a solid background in Latin, a must for real perception and usage of foreign languages. Ralph will visit Lourdes, the Pyrenees, and south of Bordeaux to view the famous Dunes of Pilar, the largest in Europe.

* * *

A rash of birthdays hit Tahoma the last week of July. Young Guy Dana, son of Jack Dana, and grandson of Herb Dana, attained all of five years; Cindy Kupka enjoyed her first one, and her brother chalked up 14. Dave Williamson of Cedar Shadows celebrated his natal day in Sacramento.

* * *

The C. P. Pond, Jr. family of Lafayette, have been vacationing at the A. G. Steltzner lakefront home, Tahoma. The Steltzners are touring Europe this summer.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO —(CNS)— The office of Governor Edmund G. Brown this week announced acceleration of the program voted in the 1959 legislature to put more prisoners to work, instead of keeping them caged in expensive state prisons.

There is nothing new in this program, except the fact that Richard McGee, director of the department of corrections, and a hold-over director at that, let it slip during the administration of Governor Goodwin J. Knight.

It was slipping so badly, in fact, that it obtained the attention of the senate interim committee on governmental administration, which is headed by Senator George Miller (D-Martinez). Miller's assistant on the committee, Earl Waters, former newspaperman, had made extensive studies of the prison administration in California, and some years ago came up with the idea that more attention should be paid to keeping convicts busy, rather than providing expensive prisons for them to spend their time in idleness.

This, Waters pointed out, would cut down costs of prison construction and, as well, fulfill a need to maintain some occupation for those convicts who could be trusted in camps.

Before the Brown administration took over, however, Senator Miller and Waters, as the saying goes, "got no place" with promoting the idea. While some convicts were maintained in camps, McGee made little or no effort to provide more camps and thus release the prison facilities.

This, however, was not in line with Brown's thinking. Forced by some political maneuvering to keep McGee on the job, the new governor nevertheless called the director into his office, it was reported here, and laid down the law about the conservation camps. In fact, Brown announced on a Sacramento television program long before he was elected, that he intended to proceed with vigor on extending the camps when and if he became governor.

He kept this promise by providing more than eight million in his 1959-60 fiscal year budget for the project. And upon signing the budget, one of the first things the governor did was to announce that the funds are now available and that the program would go ahead full speed.

He contended it would obviate the necessity of constructing new and expensive prisons, and in addition assist the prisoner himself.

"There is nothing worse we can do to a human being," the governor said, "than cage him in a cell in enforced idleness. Under the program, prisoners who are non-violent will have the opportunity to keep busy and at the same time work at a constructive program for the public benefit."

The governor explained that the work the convicts will be doing is non-competitive and would be be done, at least by the state, if the prisoners didn't perform the work. This should obviate the objection labor usually has had to prison-made products, which were in competition with the products of labor.

The work will consist of development of recreational area access roads, forest improvement, stream clearance, forest fire fighting, fish conservation and improvements in state parks. And by January 1, it is expected that some 1,800 prisoners will be employed in the camps. At that time, some public benefits should be apparent.

White Fir Becomes Giant of Industry

SAN FRANCISCO — White fir lumber, virtually unmarketed as recently as 1940, suddenly has become one of the giants of the forest industry in California and the west.

This statement was made to the Western Pine Association's recent annual meeting in San Francisco by A. B. Hood of Anderson, president of the 12-State group.

White fir production figures in the West are nudging two billion feet a year, up nearly 20-fold in the past two decades and topped only by Douglas fir and ponderosa pine as volume leaders.

California is the leading producer of white fir with an annual production of between 700 and 800 million board feet, according to Hood. In the state's pine region, white fir is the most abundant species of all with an estimated 82 billion feet representing more than one-fourth of all saw-timber in California.

The Western Pine Association anounced production of western pine lumber was up for the week ended July 18.

A total of 80,021,000 board feet was produced compared to 69,820,000 board feet in the preceding week.

The report was based on information supplied by 121 mills and covered the 10 woods of the western pine region which provide approximately 55 per cent of the region's production.

NORTH TAHOE

By JUDGE HARRY CHARRISON

BACK IN SADDLE

Our old friend Constable Harry Johannson was quite a bit under the weather last week which necessitated a trip to the Tahoe Forest Hospital for a couple of days but by Monday morning he was back in the court room apparently as good as ever. Keep up the good work Harry. Pretty cute—Harry was singing 'I'm Back in the Saddle Again'.

HOME SICK

Little Martha DeGregorio, so her beautiful mother tells me, went away off to Meeks Bay with the Girl Scouts. She wrote home—her letter went like this—"Do you know what? I'm homesick—Do you know what? I'm homesick—Do you know what? I'm homesick." Enola says that she misses her, too. We all miss you, Martha—but have lots of fun.

COULDN'T TELL

A few days ago we had a carload of people come to the house—asked "could you tell use where there is a public beach to sunbath and swim?" Well they had me stumped—I couldn't tell them—I was embarrassed to say the least. They remarked 'Where has the good old Tahoe gone of a few years ago?' Again I couldn't answer.

SPENT WEEK

Jo Barnes with his two children from Richmond spent a week up here. They really enjoyed it—swimming and took in all of the sows at Crystal Bay. Jo is the son of Mrs. Ella Mae Blake on Brassee Ave.

INJURED

We are very sorry to hear of the injuries received by Doug Wilson of Tahoe City—seems he was attacked by three roughnecks at the South End of the Lake last Saturday night. The circumstances of the incident are not known at the moment but we do know he has a fractured elbow.

SCIUTTO ATTENDS STANFORD MEETING

C. W. Sciutto, principal of Tahoe Truckee High attended a 2 week workshop on accreditation and the Cubberly Lectures on Education at Stanford University. Two of the main topics covered included the present thinking education in the light of the rapid modern technological advances and its impact on American culture and the philosophy and techniques of modern accrediting procedures for secondary schools.

A group of 35 secondary school administrators representing the different major areas of California participated in the conference.

CONTRACT AWARDED FOR STREET PROJECT

SACRAMENTO—(CNS) — The state department of public works today awarded a contract for $38,566 for widening and surfacing 1.4 miles of West River Street, between Sign Route 89, and U. S. 40 in Truckee, including widening of a bridge over Donner Creek, to the Granite Construction Company of Watsonville.

DONNER PATROL

Continued from Page 1

motel owners with private beaches and boat moorings, it might be wise to advise your guests on the aquatic regulations to prevent accidents and unpleasantness that might result.

Action will be taken at Donner Lake since we know we have law protection. When someone is disobeying the rules, call your local deputy sheriff and report the incident. Be sure to get the number of the boat and the name of the driver as the boat might be a borrowed one from a friend. Better yet, if you happen to have your camera handy, snap a picture of the boat and driver as they go in between the barrels that are marked off in the swimming area so you have the proof. If you are on your float and the children are in the water swimming and a boat comes by too close, snap a picture of that.

I have found that some people are reasonable to talk to, but some just give you a bad time and dispute your word. If you have witnesses and pictures to prove your point, then you have a leg to stand on, that is if someone hasn't taken it off with the propeller on their boat.

We have a speed boat and I love boating. There is a time and place for everything and I believe that we should show a little consideration for everyone and obey the laws not only for our own protection, but for others as well.

LUMBER STOLEN AS BUILDER IS ABSENT

Two hundred dollars worth of lumber was stolen from the site of the new Charles Widenmann home in the Greenpoint Subdivision at Donner Lake, according to a report to Deputy Sheriff Emery Lander who was called to investigate. The lumber was taken while the owner was absent sometime between the 12th and 18th of July. The report was not made until last Tuesday.

BOB WILLIAMS WILL STUDY IN CHICAGO

Robert Williams will leave the middle of this month for Chicago, Illinois where he will study at the Moody Bible Institute. Young Williams, a recent graduate of Tahoe Truckee High School, also passed with high ratings the Coast Guard Cadet examinations.

Mrs. J. J. Williams, his mother who has been here during the school year will return to their home in the bay area.

DAUGHTER BORN

Kathryn Eileen became the second daughter and sixth child on July 30 of Mr. and Mrs. John Goldsmith of Meadow Park district. The little girl had an arrival weight of seven pounds, 8 ounces at Tahoe Forest Hospital.

Injures Head—

Sherman Reams was a patient in Tahoe Forest Hospital this week after he was struck on the head with a plank. The accident occurred on a new house Reams is building at Gateway Park.

Bitten By Dog—

Mrs. William Fordham is wearing her left arm in a sling, following medical treatment for a dog bite, sustained Monday.

Briners Go East—

Their Tahoe-Truckee friends will be interested to learn of the move of the Conrad Briners from Palo Alto to Chicago, Illinois.

The Luckless Legion by Irwin Caplan

AMBULANCE
The Travelers Safety Service
"EXCEPT FOR THE FEW MINUTES WE LOST WHILE THEY CALLED AN AMBULANCE...WE'RE REALLY MAKING TIME THIS TRIP."

14,160 were killed and 937,900 injured in motor vehicle accidents on weekends in 1958.

MOUNTAINEERS

Continued from Page 1

bases empty home run, his first this year.

The visiting Nevadans finally broke Robinson's no-hit skein in the eighth when Fallon first sacker Val York singled with two away.

Going into the top half of the 9th and last inning with one down catcher Bub Weaver of Fallon singled and advanced to third when pinch-hitter Boden was safe on the Truckee shortstop's error. Centerfielder Pete Leavitt then stepped up and smashed a double to score Weaver. McClurg was a victim of strikes and the rally looked as though it might be quelled until Martin Summerbell stepped up and whacked another two-bagger to left to score Boden and Leavitt ahead of him to make the score 10-5. Dell Steve then fanned to end the rally and the contest.

Elstard, C. Roinson, and Frates each collected two hits apiece for the Mountaineers. John Brown was the losing pitcher and gave up 12 hits, fanned 4 and walked 4.

This coming Sunday the locals again will be home this time to play the Yerington Eagles whom they defeated at Yerington in their first meeting this year. Game time is 2 p. m. It's a good opportunity to see a championship contending team in action.

Attend Follies—

A trip to the Ice Follies at San Francisco was recently enjoyed by Mr. and Mrs. Wayne Philippi, Mr. and Mrs. James McIver, Mrs. Elizabeth Bavier and her niece, Miss Joan Clemens of Rhode Island and Mr. and Mrs. Joe Saia of Sacramento. The group also viewed points of interest in the famous city, concluding the day with a dinner at Fisherman's Wharf.

NEED NO TAX

The Truckee Cemetery Board has advised the board of supervisors that no tax levy will be required this year as there are $3256 in the treasury.

TRUCKEE NATIVE IS BURIED IN ROSEVILLE

Final rites for Charles G. Gunn, 61, took place at Roseville, followed by graveside services in Mountain View Cemetery in Reno, Nevada.

A native of Truckee, he worked over the Sierra hump for many years as a locomotive engineer. He was a member of the Royal Arch Masons at Truckee.

His wife, Leah, of Roseville, and his mother, Elesa of Sacramento, survive.

LIONS MEET

N. F. Dolley gave a report on the work on the new recreation project and Cecil Edmunds reported on the water situation in the Tahoe Truckee area at last night's Lions Club meeting at Donner Lake Lodge. Slim Thompson presided and guests were Ted Holgate, Robert Coats, Roland C. Ayo of Antioch and Gilbert Weismeyer of Los Angeles.

CORRECTION

The Clements Rock Products and not the Granite Construction Co. voted to sponsor a group of Little Leaguers in cooperation with the Lions Club to a trip to San Francisco where the group will view a major league baseball game.

Go South—

Mrs. Don Ryan and her cousins, Mr. and Mrs. Barney Green of Chicago, Ill. left Monday for Anaheim, Mrs. Ryan's home. They have been guests of Mr. and Mrs. Jack Ellis.

At Gateway—

Mr. and Mrs. Guy Butler of San Francisco and former Donner Lake residents were recent guests of the Richard Joseph family.

Sees Property—

Wilmer Tong of Los Angeles is here taking care of his local property.

TAHOE SQUAWS WILL HAVE RUMMAGE SALE

A worthy charity will benefit from the rummage sale to be sponsored by the Tahoe Squaws August 21 and 22, to be held in the St. Nicholas Church at Tahoe City.

All donations, clean and in good repair will be cheerfully received by the group, including furniture, clothing, books, dishes and sundry articles.

Further information may be obtained by telephoning JU 3-3525, JU 3-3250 or LU 7-3517.

DANCE PLANNED

All teenagers are invited to attend a dance sponsored by the Order of Rainbow for Girls at the Carpenters' Hall in Kings Beach on Tuesday, August 11 at 8 p. m. The theme will be an "An Evening in August."

"Butch" The Sierra Beaver Sez:

Quotes and excerpts from California Division of Forestry report on Forest Pest Conditions in California

DWARFMISTLETOE

"Several sizable areas are under observation where mature trees are heavily infected. Many trees of all ages have either directly been killed by Dwarfmistletoe or so weakened that they were easy prey to the Mountain Pine Beetle".

Now unfortunately we have here at Lake Tahoe and Truckee more than our share of Dwarfmistletoe and Mountain Pine Beetles. So in order to protect your trees from both, all care should be taken to prune out Mistletoe and other parasites that weaken your trees and leave them vulnerable to the Beetles.

See your nearest U. S. Forest Service Ranger for advice and permits. And please drive carefully in the forests and protect our wildlife. These little creatures do not understand an automobile as the carcasses along our highways attest.

It takes a long time to grow a tree, and only a little time to protect it.

Now Another Matter

IT REALLY COSTS LESS!

20 years ago, the average Rx cost $1.11. To pay for it, the average U. S. wage-earner had to work 1 hour and 45 minutes

Today, the average Rx costs $3.08. But to pay for it, the average wage-earner works only 1 hour and 27 minutes

EVEN MORE IMPORTANT

Today's prescription—at today's price—delivers to you what the millionaire of 20 years ago couldn't buy at any price.

Tarzan

by EDGAR RICE BURROUGHS®

THE TRAP FOR ABOOL, THE TERRORIST GUN-RUNNER, IS SET. TARZAN'S MISSION TO DISCOVER THE SOURCE OF ILLEGAL GUNS BEING DISTRIBUTED TO NATIVE TRIBES HANGS IN THE BALANCE.

COLONEL WORTHY COMPLETES HIS INSTRUCTIONS TO HIS GUN-TRAINED BAKU FIRING SQUAD, AS THE TRADING VILLAGE AWAITS THE RETURN OF THE GUNRUNNERS.

YOU BAKUS WITH GUNS WILL BE BEHIND THE SPEARMEN. KEEP YOUR GUNS HIDDEN!

MEANWHILE, IN A SECRET COASTAL HIDEOUT, ABOOL THE GUN-RUNNER MEETS WITH HIS CHIEF, GENERAL BLOTZ, THE MASTER MIND OF THE TERRORIST SCHEME. . .

THIS SULU WITCH DOCTOR SEEMS IMPORTANT ENOUGH FOR *ME* TO MEET. . .

A LUCKY ENCOUNTER FOR ME, MY GENERAL, IN THE BAKU VILLAGE. A THOUSAND SULUS DO AS HE SAYS. . .

8-9 1483

BY ARMING THE SULUS WE WILL HAVE TWO TRIBES IN THAT AREA WITH GUNS!

SAFARI A THOUSAND GUNS, PLENTY OF AMMUNITION, TO THE SULUS. BUT--YOU *PAY* WITH YOUR LIFE, ABOOL, IF WE DO NOT RENDEZVOUS!

RENDEZVOUS, MY GENERAL? YOU'RE MEETING ME--SOMEWHERE?

AT THE BAKU VILLAGE! I WISH TO KNOW THIS IMPORTANT WITCH DOCTOR PERSONALLY! I WILL USE THE HELICOPTER. . . AND YOU CAN INTRODUCE US.

BUT IS IT SAFE FOR STRANGERS TO SEE YOU?

YOU HAVE THE GUNS, ABOOL! IN MY LITTLE HELICOPTER, UNARMED, THE AUTHORITIES WILL THINK ME JUST ANOTHER *TOURISTA*. HA! HA! JUST A STUPID *TOURISTA*!

UMMM -- I SMELL FUDGIES!

"CAN WE LICK THE POT, MOM?

YES -- I'LL LEAVE A LITTLE EXTRA FOR YOU LIKE I ALWAYS DO!

GOSH -- NOBODY MAKES THESE LIKE MOM!

WE JUST SAW MRS. BLOWSEY WHEN WE WERE PLAYING OUTSIDE --

WHEN YOU'RE THROUGH HERE WILL YOU GO AND SHOW MRS. BLOWSEY HOW TO MAKE FUDGIES, MOM?

I'LL BE GLAD TO -- HOW DID SHE HAPPEN TO TELL YOU TO ASK ME?

SHE DIDN'T -- BUT SHE ALWAYS GIVES US COOKIES WHEN WE DO ERRANDS FOR HER AND WE LIKE YOUR FUDGIES BETTER THAN HER COOKIES!
